who we are

Become a global leader in the world of ceramic tiles by serving masterpieces.

Nothing was done in rush. We were clear since our inception that Essence should lead the way of the ceramic industry. And therefore, arduous efforts were put in at every stage.

What we are today is a result of the blood and sweat we have invested in our past. We are extremely proud of the fact that today Essence is a synonym for ultra fine high quality products. Be it our most advanced technology,

our flexible ways of working, professionalism or our ability to build trust amongst our channel partners and customers, all have contributed to what Essence is today.
